

# 2008 USER GROUPS

BIGGER, BETTER AND  
MORE TRAINING!!

*Toronto, Ontario  
Canada*

BE HEARD. LEARN MORE. SHARE IDEAS

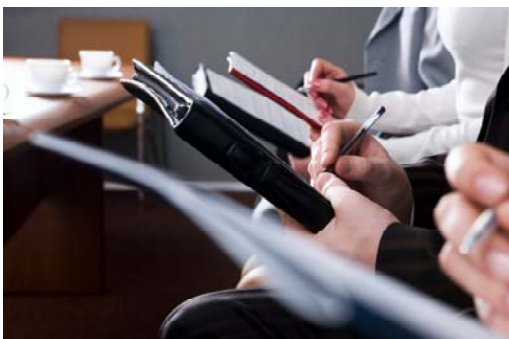

## welcome back!

**NEW IN 2008!**  
Helping you get  
**EVERYTHING**  
you can out of all you  
have!!

Our User Group is an ideal opportunity to acquire new skills, improve productivity, share experiences with peers and learn how to get the most from your Jonas Software. New breakout sessions specifically designed to focus specifically on service billing or job costing.

**Become experts.  
See What's Next!**

### Jonas Software 2008 User Groups

**A Sneak Peak at Version 11.9 teamed with high-level training to help you get everything you can out of Jonas Software!**

Please join us at one of our 2008 Jonas User Groups. We will offer you expert insights on how you can use your system more effectively and give you an exclusive sneak preview of Version 11.9. Voice your opinion, share ideas and learn more.

Our annual one-day Conference will be held at six new and exciting locations. Based on your feedback from the 2007 User Groups, we will provide you with **more** training to accommodate all facets of your business. There will be separate sessions for service billing and job costing with a strong focus on high-level training for owners, controllers and project managers. These sessions will be structured in a flexible fashion allowing those clients who operate in both industry types to attend both sessions.

This is your once-a-year opportunity to explore the new features coming in Version 11.9 AND learn about the many features available right now. Gain how-to knowledge of specific features and gather insight from customers who are also running the software.

The curriculum for our 2008 User Groups focuses heavily on process-oriented content and high-level reporting which will help you streamline workflow and integrate every area of your business.

This year we are introducing the "20 Things" series—designed to provide users of all skill levels a fun, rapid-paced rundown of some of the features you may not be using in your Jonas Software. Executives will find our *Reporting Session* essential for managing your projects and business. Sessions such as *Advanced Capabilities of Jonas Software* and *Custom Sharing 101* will outline key process that other companies are using that you may choose to implement.

Also, our industry-specific breakout session will give you the opportunity to provide valuable input on future Jonas Software enhancements and address any areas of concern. Regardless of your Jonas Software knowledge or experience, you will come away with new tools and contacts to help you take full advantage of Jonas Software. As always, space is limited and we are expecting this event to sell out. Don't delay! Register now and secure your seat at Users' Conference 2008.

User groups are a great opportunity to meet fellow users, find out about the industry. Network with your peers in an informal knowledge-sharing environment.

We look forward to seeing you!

## venue information

2008  
*JONAS User Groups*

Jonas Software will be hosting the 2008 User Groups at The Fairmont Royal York on Thursday September 4<sup>th</sup>, 2008. This is just steps away from the heart of Canada's largest metropolis with an exciting mix of activities and attractions that will leave you exhilarated. From the theater, entertainment, to shopping and world-class sports facilities – you can enjoy it all.

The Toronto International Film Festival (TIFF) will be held from September 4<sup>th</sup> to the 13<sup>th</sup>. This is a prestigious, publicly-attended film festival held each September. Between 300-400 films are screened at approximately 23 screens in downtown Toronto venues.

Jonas Software will be offering you a complimentary dinner at the infamous Boiler House restaurant located in the heart of the historic distillery district. The Boiler House restaurant offers a succulent contemporary Canadian menu with a breath taking industrial chic setting. The restaurant's award winning design includes an incredible 22 foot wine rack and original wood tables. If you are interested in attending, please indicate this on the registration form.

We have negotiated special rates for the User conference attendees. Upon receipt of your registration form, we will send you a confirmation code to be used when booking your rooms in order to receive discounted room rates. These rates may be extended for those interested in staying additional nights.
